

Privacy Policy for Tesseract Chrome Extension

Effective Date: April 03, 2025

Last Updated: April 03, 2025

Thank you for using Tesseract, a Chrome extension dashboard homepage developed by Tesseract ("we," "us," or "our"). This Privacy Policy explains how we collect, use, disclose, and protect your information when you use Tesseract (the "Extension"). By installing and using the Extension, you agree to the terms outlined in this Privacy Policy.

1. Information We Collect

Tesseract enhances your browsing experience by providing widgets such as an analog clock, calendar, weather updates, map, music player, to-do list, stocks, search bar, and background changer. To provide these features, we may collect the following types of information:

a. Personal Information

- **Geolocation Data:** The Weather Widget and Map Widget use your IP address to determine your approximate location (latitude and longitude) for weather updates and map display. This data is processed locally and not stored by us.
- **User-Provided Data:**
 - The To-Do List Widget allows you to input tasks, which are stored locally on your device.
 - The Background Changer allows you to upload images or videos, which are stored locally and applied as your background.
 - The Music Player Widget allows you to search for and play music, but no personal data is collected from this feature beyond your search input, which is processed locally.

b. Third-Party Data

- **Weather Data:** The Weather Widget uses the Open-Meteo API to fetch weather information based on your geolocation.

- **TradingView:** The Stocks Widget uses TradingView's embedded iframe to display stock data.
 - **Google Maps:** The Map Widget uses an embedded Google Maps iframe with default coordinates (0,0), updated via JavaScript based on geolocation.
 - **Search Engines:** The Search Bar allows searches via Google, Bing, or DuckDuckGo, but we do not collect your search queries.
-

2. How We Use Your Information

We use the collected information to:

- Provide and maintain the functionality of the Extension's widgets (e.g., displaying weather updates, rendering maps, playing music).

We do not sell, trade, or rent your personal information to third parties.

3. How We Share Your Information

We may share your information in the following circumstances:

- **Third-Party Service Providers:** We rely on third-party APIs and services (e.g., Open-Meteo, Google Maps, TradingView) to power certain widgets. These providers may process your data according to their own privacy policies:
 - [Open-Meteo Privacy Policy](#) *(Note: Open-Meteo does not have a traditional privacy policy as it's an open-source API; adjust this link if a specific policy exists)*
 - [Google Privacy Policy](#)
 - [TradingView Privacy Policy](#)
-

4. Data Storage and Security

- **Local Storage:** Data such as your to-do list tasks, background uploads, and music search inputs are stored locally on your device and are not transmitted to our servers.
-

5. Your Choices

- **Geolocation:** You can disable geolocation access in your browser settings to prevent the Weather and Map Widgets from determining your location.
 - **To-Do List:** You can delete tasks at any time, as they are stored locally.
 - **Uninstallation:** You can remove the Extension at any time through your Chrome browser settings, which will stop all data collection.
-

6. Cookies and Tracking

Tesseract does not use cookies or tracking technologies directly. However, third-party services embedded in the Extension (e.g., Google Maps, TradingView) may use cookies or similar technologies. Please refer to their respective privacy policies for details.

7. Children's Privacy

Tesseract is not intended for use by individuals under the age of 13. We do not knowingly collect personal information from children under 13. If we become aware that such information has been collected, we will take steps to delete it.

8. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. The updated version will be posted here with a revised "Last Updated" date. We encourage you to review this policy periodically.

9. Contact Us

If you have questions or concerns about this Privacy Policy or how your data is handled, please contact us at:
